

REMARKS

The Official Action dated November 24, 2006, has been carefully considered. The Official Action notes that Figure 6C is contained in the Drawings but is not listed in the Brief Description of the Drawings in the specification. This omission is simply a typographical error on page 20 of the specification as filed (Paragraph 46 of the specification as published), which has been corrected by the present amendment to list Figures 6A-6C instead of Figures 6A-6B. A clean copy of page 20 of the specification as filed is submitted herewith.

Accordingly, the changes presented herein are believed sufficient to correct the noted inconsistency in response to the Official Action and place the application in condition for issuance. Reconsideration is respectfully requested.

Respectfully submitted,

/W. Edward Ramage/
